

EXPERIENCE

I Motion Designer The University of Illinois Gies College of Business

October 2023 - Present
Champaign, IL

Created animated video segments and supplemental graphics to accompany instructor videos for online Master's programs. This required me to translate complex financial topics and formulas into simplified visuals that clearly explain the various factors that go into business investment and management.

Creative Director Connect For Education

April 2017 - July 2023
Herndon, VA

I worked closely with clients to translate their e-learning content from rough idea to fully-realized courseware that engages and informs their intended audience. My expertise in visual design, storyboarding, and animation allowed me to create content that not only looks great, but also effectively communicates complex ideas.

Animator and Designer Built Games LLC

July 2016 - May 2017
Los Angeles, CA

Designed and animated on a variety of children's games for ABC Mouse, a subscription-based learning app for ages 2-8. This position required visually developing an outline into storyboard form, creating all of the game assets, including characters, backgrounds, text and animations.

Animator and Designer Echo Bridge Pictures, LLC

November 2012 - October 2014
St. Petersburg, FL

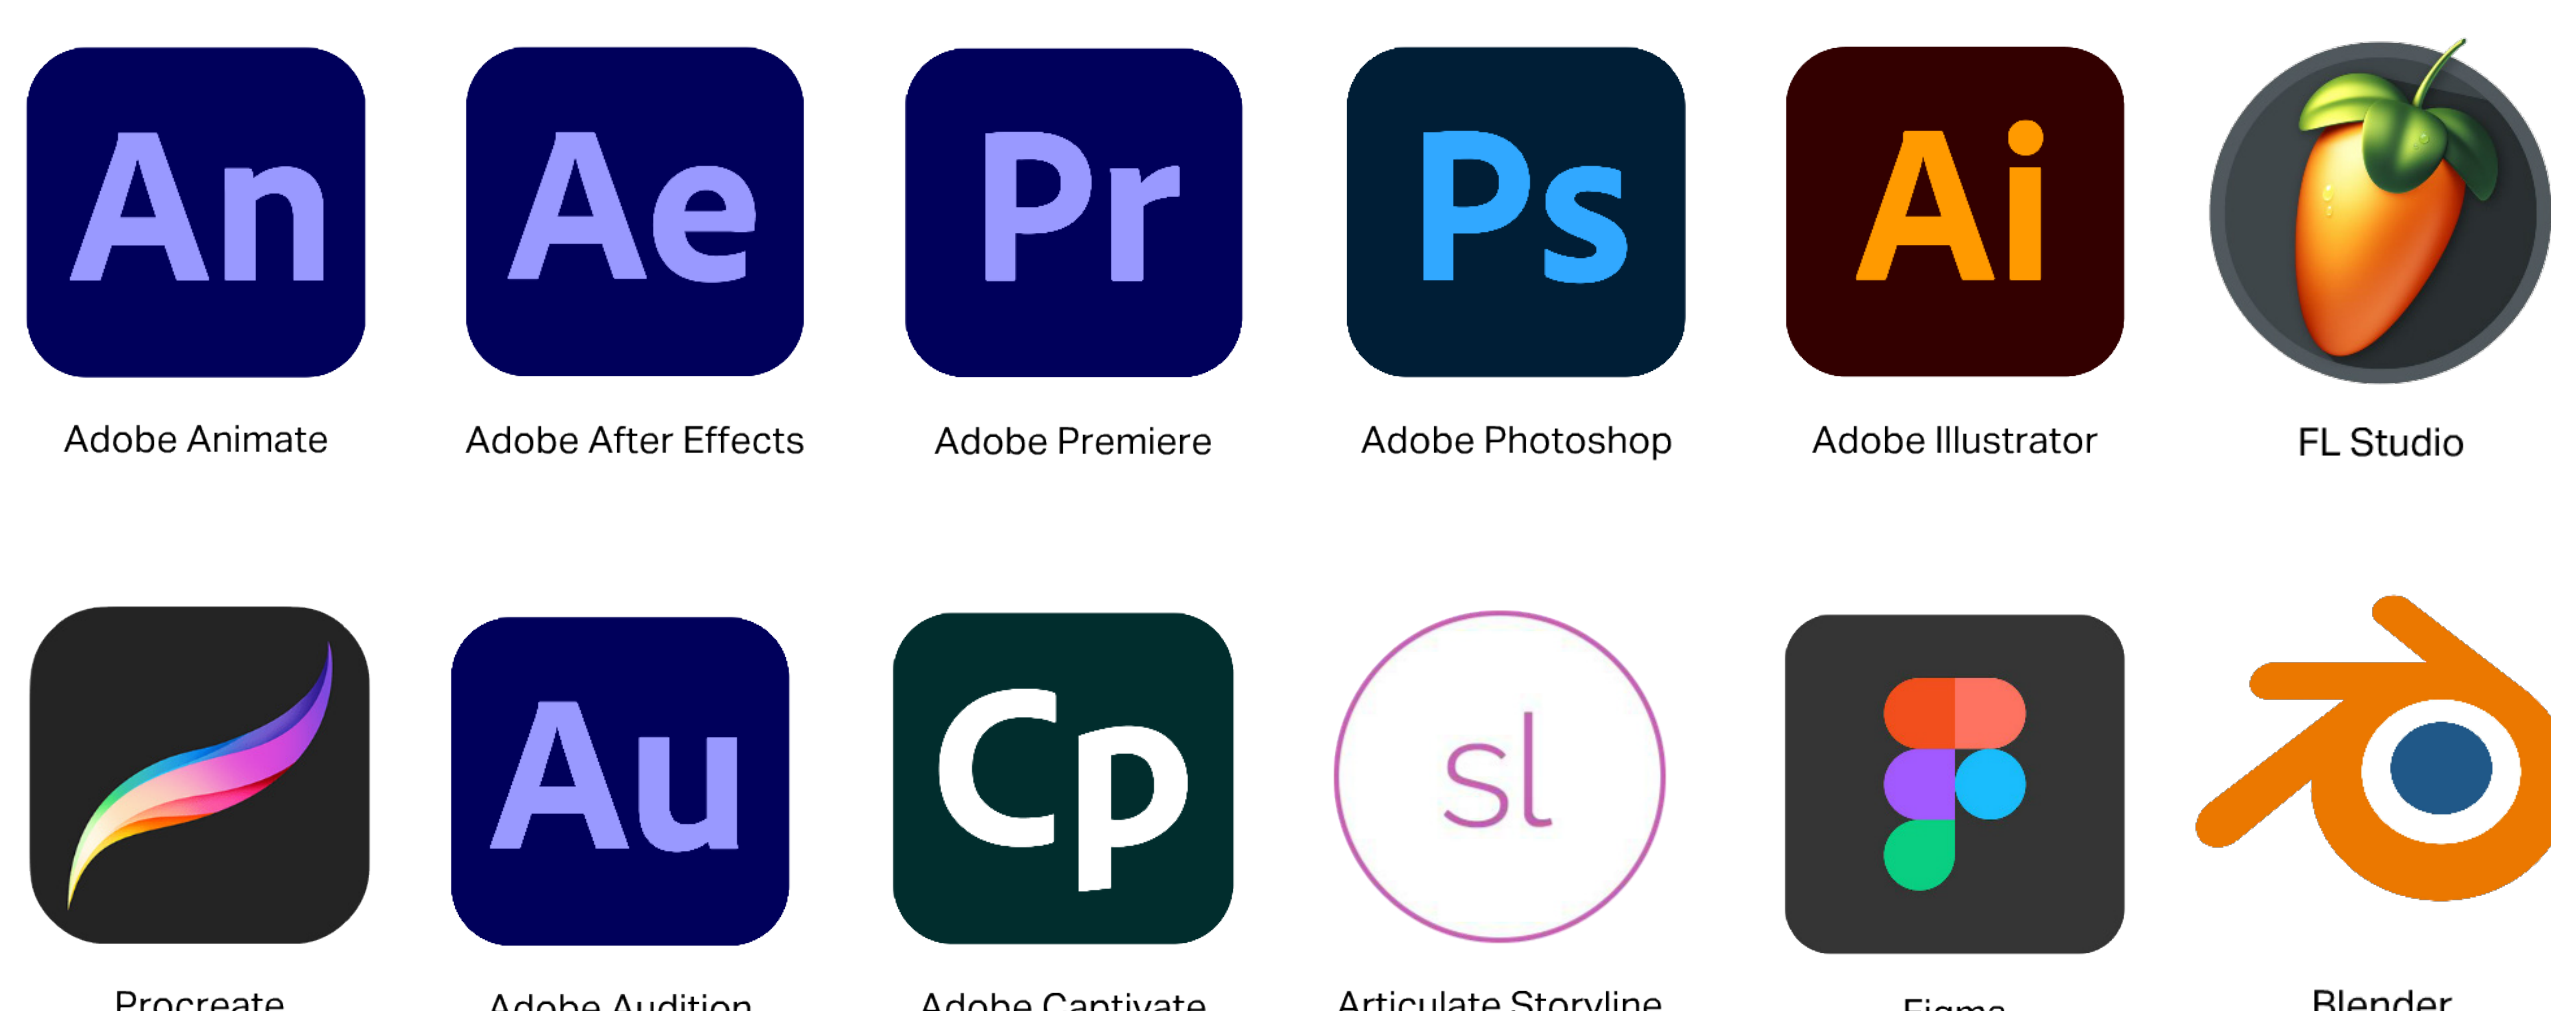

Took on many duties for this 2D animation studio, including key animation, character design, background art and storyboarding. Directed and supervised on several projects for both television and web, as well as trained new artists.
